

About Citavi Wallpaper

Use our wallpaper (background image) for promoting Citavi at your institution:

Use for...

- Screensavers or automatic presentations on public computers
- Digital display boards for visitors
- Small posters

Technical information

Format PowerPoint file in .pptx format (PowerPoint 2007 and later), 1 x 16:9 format (widescreen), 1 x 4:3 format

Fonts Fonts are derived from the Segoe family and are embedded so that you can modify text even if the font is not installed on your computer. You can also choose a font that corresponds to your corporate design instead.

Please do not forget to change the example URL!

QR code Each slide contains a QR code. Smartphones with a QR scanner can scan this code. QR scanners are integrated in Windows Phone 8.1 and can be downloaded as apps for iPhone and Android smartphones. The code links to the website www.citavi.com.

Using <http://goqr.me/> you can create a free QR code that links to a webpage of your choice. When downloading the code please enter the following value in the "Foreground" field: 848484

Questions or suggestions? We look forward to hearing from you at service@citavi.com
